

**CONTRA PIRACY AT THE AFM FOR THE FIRST TIME TO SPONSOR THE EXCHANGE OF
EXPERTISE AND CONGREGATION OF FILM AND TELEVISION INDUSTRY
PROFESSIONALS**

Santa Monica, CA, Nov. 3rd, 2011 - For the first time at the AFM, Contra Piracy is proud to sponsor the exchange of expertise and congregation of film and television industry professionals. We are more than just a few tech-savvy lawyers. Contra Piracy protects copyrights online on peer-to-peer networks, oneclick- and streaming-hosters.

We utilize state-of-the-art investigation and constant technological development to stay on top of tomorrow's technology and provide your copyrights with the best copyright protection possible. In enforcing your rights, we maintain the highest ethical standard in order to protect your image while protecting your copyrights.

The ISO-certified quality of our monitoring data and the sharing of knowledge between our international network of lawyers allows us to deliver solid competence against digital piracy - all from one hand.

Interested in learning more? Visit us at 5 Atrium 11 or come by our presentation on the current situation of digital piracy on Friday, November 4th at 11:00am in the Venice Room at the Loews Hotel.
